Dear Sir,

Re: 1994/95 Annual Subscription

I refer to your recent invoice for membership of your association for the 1994/95 Year.

The Directors of our Co-operative decided not renew this membership.

It was considered that our usage and participation level in your association at this stage does not warrant the cost of continued membership.

They do, however, wish your association every success in your future operations.

Yours faithfully,

**Gary J. Treloar**
